THE STATIONER TO THE READER.

COurteous Reader, I here present you with a small Copy of the World drawn by an English pencil, from the Original of the famous Mounsieur Du Vall, *Geographer to the French King. Though it seem too small a Volume to perform the promise the Title Page makes you, yet upon perusal*

perusal you will find it satisfyed, and that seeming defect amply repaired by the convenience (a greater bulk would not afford you) to make it your constant Companion, without abating you the knowledg of any place considerable, either for Prærogative, Historical observation, or Commerce, to which end it was only designed; Peruse it, and enjoy the benefit.
